Boost Your Mitel 5000 CP Phone System To Give Your Business a Shot In the Arm!

Sometimes a technology comes along that just makes too much sense to ignore. The **UCA ALL-IN-ONE Solution from Mitel** does just that. It's the perfect addition for the owner of a **Mitel 5000 CP Business Phone System**. Here's why:

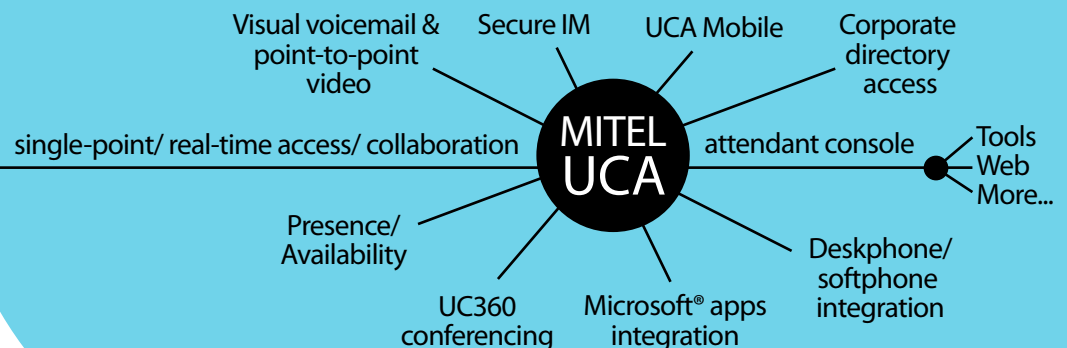

UNIFY YOUR CONNECTIONS!

Benefit Highlights:

- Increase communications efficiency, channels, and response time
- Choose from voice communications, conferencing, and collaboration
- Stay connected, and dial through your office PBX, wherever you are
- Improve customer responsiveness and issue resolution
- Integrate with popular business applications
- Simplify and expand mobility features
- Reduce costs across the board*

**With UCA any phone call can become an audio or web conference with the click of mouse. SAVE! This feature eliminates the need to pay for hosted external conferencing services.*

Unified Communicator Advanced (UCA) available now for the Mitel 5000 Communications Platform
